From our Family to yours, Thank you.

*Throughout the years,
Progressive Orthodontic
Seminars has stood strong
delivering world-class
education all over the world.*

Our promise has always been to provide our students with the tools needed to create happy and healthy smiles for their patients. Our graduates, armed with knowledge, are passionate, dedicated and skilled in their fields.

For over 38 years, our strengths came from solving every challenge a GP could face adventuring into the ortho field, breaking any restrictions, belief barriers or limitations. Everyone that trusted us, became not only extremely knowledgeable, but confident to attend to any ortho needs, even the most challenging cases.

Our philosophy is based on always staying true to our founding principles, focused on innovation and problem solving; also sharing the fun, joy and the results that orthodontics can bring to all dentists around the world. Our pride and joy are the 37 years of beautiful smiles we have helped to create, combined with an incredible family network of over 9000+ graduates in more than 40 locations worldwide.

Last year brought challenging times. We, here at POS, directed resources to provide support, help and guidance to our students and graduates. We planned, prepared and elevated our learning support with resilience, never losing sight of the opportunity ahead. We love to stay connected with all our students worldwide. It pleases us to know that during these difficult times, ortho education helped our graduates not only maintain financial security but thrive and grow.

We are grateful, honored and thankful to each and all that trusted us with their ortho needs. We are looking forward to changing more lives. Again, from our family to yours, **THANK YOU!**

Access to the contents of the seminars through the internet, as well as the recordings of the classes, video tutorials...

COMPREHENSIVE ORTHO

We put at your disposal all our resources to guarantee the best education and that your patients benefit from it

DIAGNOSIS OF CASES

Instructor available to help in the diagnosis and follow up of own cases.

SMILESTREAM

Use the latest technology to make orthodontic simple and predictable.

TRADITIONAL ORTHODONTICS

Comprehensive Series

Treat the majority of the patients in your practice with the most comprehensive training series in the industry.

Over the past 38 years, Progressive Orthodontics has established itself as the world's #1 orthodontic training program. With over 100 cases used for instruction, you will not only master the principles, but confidently apply them.

With our Traditional Orthodontic series, you can feel confident you are learning orthodontics at the highest level in the world.

BENEFITS OF TRADITIONAL ORTHODONTICS

CONTROL EVERY SITUATION. With a comprehensive understanding of orthodontics, you will have complete control from start to finish on even challenging cases.

SUPPORT WHEN YOU WANT IT. The robust education will empower you to successfully treat any orthodontic case, either on your own, or with any level of our support.

TUITION

- 12 payments of 1.500€
- Prepay for the series and get 10% discount!

Call for our new graduate/student discounts

LEARNING FORMATS

- **In-Person:** 12 seminars of 4 days
- **ONLINE:** More than 300 hours of study, access to videos and content of the seminars and the option to attend the practical seminars

ALIGNER+ ORTHODONTICS

Mini Series

Aligner+ is an educational, mentoring, and treatment planning program for dentists.

A solid educational foundation, coupled with the support of a trusted mentor, will ensure your success on every aligner patient.

TUITION

- 4 payments of 1225€
- Prepay for the series and receive a free hands-on kit (valued at 1100€)
- Call for available discounts

LEARNING FORMATS

- **In-Person:** 4 seminars of 3 days
- **ONLINE:** Access to videos and content of the seminars and the option to attend the practical seminars

Our education and mentoring are compatible with any aligner system

BENEFITS OF ALIGNER+

MENTORS PROVIDE A SOLID PLAN. Use step-by-step plans and instructor guidance to ensure every important detail is analyzed before starting treatment. Following a predictable plan helps you maximize efficiency and profits.

FULL PROTECTION.

Be confident and protected on every case you treat. Do aligners the right way and meet the American Board of Orthodontics' standard of care. No shortcuts.

ORTHO

SEMINAR 1: Start diagnosing: clinical evaluation, records & first consultation

SEMINAR 2: Start treatment: clinical exercises, treatment planning & second consultation

ALIGNER

SEMINAR 1: Foundation for successful clear aligner cases!

SEMINAR 2: Setup evaluation, use of engagers, & hands-on workshop.

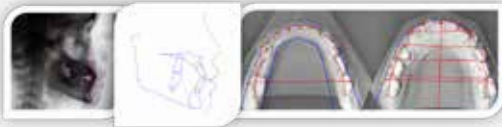

SEMINAR 3: Revisions & moving beyond simple cases.

SEMINAR 4: Solutions to common challenges, retention & control on complex cases.

Progressive Consulting

Progressive Consulting is Progressive Orthodontics' not so secret weapon to long-term orthodontic success. Consulting helps students build confidence, gain experience with a safety net, and expand their treatment options with each case they start.

Progressive Consulting is designed to make sure you have 100% success on every patient, using traditional brackets or clear aligners, no matter your orthodontic background. We have the technology, expertise, and tools to make every case a success and ensure your patients are thrilled with their results.

Our consulting services come in two forms: Standard and mentoring. Both include the initial diagnosis, but mentoring offers extended support throughout the treatment of the case. This helps you choose how little or how much support you want on each case.

I started POS over the age of 50 and even though I have 30 years of experience in dentistry I found that the POS seminars enriched my knowledge.

Not only in ortho but in general dentistry. I found POS to be an excellent way of making myself more familiar with orthodontics and facial diagnosis. Because of POS and its practical treatment-planning with great support, I felt confident to start treating ortho patients on my own.

With the given background from POS I now understand that there can be more and sometimes even better alternatives to treat patients in my office. On the whole it has been and still feels like an enrichment.

**VANESSA STROEK-DE MIRANDA,
– ROOSENDAAL, NETHERLANDS**

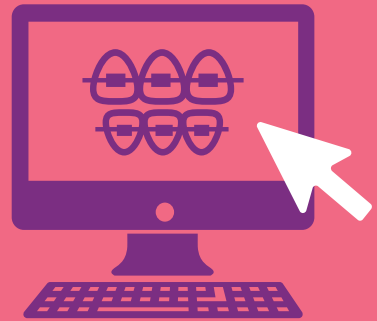

Aligner+ Consulting & Mentoring service is NOW AVAILABLE TO ANYONE WHO NEEDS THE SUPPORT, whether you are POS Family member or not. We know how valuable this service is and feel anyone who needs it should have access, to give their patients the best care available.
